Power Cord (U.S. Version Shown)

WARNING: Please remember to set the power supply to your local outlet voltage prior to plugging in the power cord. Failure to do so may damage the power supply.

Port Multiplier Compatibility
The Port Multiplier in this unit will only work with a Port Multiplier aware
SATA host adapter. Identify your host controller and check with its
hardware manufacturer if you are unsure. Addonics offers several Port
Multiplier aware host adapters.

Installation

Step 1. Connect eSATA cable from Array 1 and 2 to two connectors from
computer.
Step 2. Connect the power cord to a wall outlet.
Step 3. Turn ON the rear power switch.
Step 4. Press the Front Power Button.
